

The Ambir DS687 has everything you need for mobile card scanning. It begins with USB power, which eliminates your search for a power outlet, while a compact footprint means the DS687 ID card scanner fits on cramped desks, mobile carts or in any laptop bag.

Import Contacts Directly to Outlook.

Compatibility with Microsoft Outlook makes growing your contact list simple and easy. Scan your business card in just seconds, and the information will be imported directly into your Outlook address book.

Deleting Duplicate Contacts.

Automatic duplicate detection of Outlook contacts keeps your address book organized and up to date. Never worry about repeating information, and edit contact fields easily if needed.

Scan to Shared Contact Folder.

For executive assistants and distributed office environments, scanning contacts to a shared folder allows for easy contact sharing across your organization. Simply set up your shared folder and start scanning.

Export to CSV File.

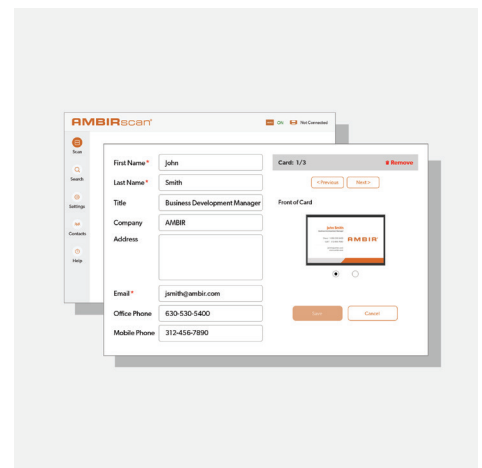

Using OCR technology, AmbirScan Business Card creates CSV files to conveniently store and backup your data. Upload your CSV to third party CRMs, such as Salesforce and Google Contacts.
