ImageScan Pro® 800ix Series

AMBIR®

5.83"
(148mm)

5.19"
(132mm)

10.36" (263mm)

Depending on your need for speed, the ImageScan Pro 820ix and 830ix scan at 20 and 30 pages per minute (ppm) respectively and handle up to 3,000 pages per day, making them our most cost effective ADF scanners when you have a single document or a stack of paper to digitize. The ImageScan Pro 820ix and 830ix are compatible with both Mac and Windows devices.

Detailed Design.
Space is at a premium in small businesses, medical practices and home offices. That's why the ImageScan Pro 800ix series was designed with a small footprint and collapsible document trays. It fits easily between stacks of patient records and piles of invoices.

Save scans in Searchable PDF format*
Documents can be searched by content for indexing, faster document retrieval and reuse of text.

Scans to Cloud*
Never worry about losing or accessing a document. Documents can be scanned directly into several popular Cloud services, such as Google Drive, Microsoft OneDrive, Evernote, DropBox and Box.
